

Mitsubishi Hitachi Power Systems Canada, Ltd. (MHPS-CAN) is a major supplier of components and services to the energy industry in Canada and around the world. We are currently seeking to fill a permanent **Journey person Machinist** position to join our highly skilled team at our facility in Saskatoon, SK.

Responsibilities:

- Promote a safe working environment
- Read and interpret blueprints and other technical documents
- Operate CNC machining equipment
- Precision measurement using micrometers ($\pm 0.02\text{mm}$)
- Use of hand and power tools
- Completion of quality documentations
- General organization, housekeeping, and maintenance of the production facility and equipment
- Participate in the planning of projects
- Other duties as assigned

Requirements:

- Demonstrated commitment to safety
- Grade 12 or equivalent
- Journey person Machinist certification
- Experience operating manual, portable and CNC machines
- Manual dexterity and demonstrated ability for accurate and precise work with hand tools
- Demonstrated ability to work independently as well as in a team
- Demonstrated written and oral communication skills
- Availability to perform shift work
- Ability to travel to various world-wide locations
- Computer skills

Millwright experience would be an asset

We Offer:

- Competitive compensation
- Comprehensive benefits package
- Company-matched pension plan
- Paid wellness time which is paid out annually if unused
- Safety apparel allowance
- Continuous training opportunities
