- Operate welding and cutting equipment (manual and/or automated)
- Use of hand and power tools
- Completion of quality documentation
- General organization, housekeeping, and maintenance of the production facility and equipment
- Participate in the planning of projects
- Other duties as assigned

Requirements:

- Demonstrated commitment to safety
- Grade 12 or equivalent
- Journeyman Welder certification
- Able to demonstrate manual dexterity in precision hand finishing/blending
- Demonstrated ability to work independently as well as in a team
- Demonstrated written and oral communication skills
- Availability to perform shift work
- Ability to travel to various world-wide locations
- Computer skills

Experience with Tungsten Inert Gas (TIG) welding considered an asset
Experience with Plasma Tungsten Arc (PTA) welding considered an asset
Millwright experience considered an asset

We Offer:

- Competitive compensation
- Comprehensive benefits package
- Company-matched pension plan
- Paid wellness time which is paid out annually if unused
- Safety apparel allowance
- Continuous training opportunities
